ASPEN GROUP AT LIBERTY WILL SHIP

William H. Hart, known to his friends "Bill," is getting out some nice ore at Liberty where he opened a property about eight months ago which was located as the Aspen group with eight claims adjoining the patented ground of the old Liberty mine on the north and east. A shaft was sunk to a depth of 30 feet with the result that Mr. Hart has been taking out a silver-lead ore carrying values that place it in the shipping grade since it will average \$50 a ton with a downhill haul to Millers of only 17 miles. The mine is 20 miles north of Tonopah and the remarkable feature is that the ledge was found right at the grassroots adjoining a property on which over \$100,000 was spent in a vain attempt to find commercial ore. The country thereabouts is intersected with dykes of rhyolite with the values in dacite. The Aspen shows at present a face of three feet running \$50.

DEATH EVENS THE SCORE FOR FRANK TRAMMER

Monday at the state prison Frank Trammer died after an illness of several months. Trammer was sent to the penitentiary with Uri for the murder of the Quiffel family at Imlay. Trammer, it has been contended, was the leader of the murder and robbery, which was one of the most atrocious in the criminal records of Nevada. Trammer was sentenced to death along with Uri, the case was taken to the supreme court and a new trial resulted which took place under a change of venue. Uri then received a life sentence and Trammer was again sentenced to death. The case was again taken to the court when he was again ordered sentenced to death. Later the board of pardons commuted the sentence to life imprisonment. Trammer during his term in prison was a model prisoner.—Carson News.

BEGIN COLLECTING CLOTHING FOR THE POOR BELGIANS NEXT MONDAY

Mr. Herbert Hoover, chairman of the U. S. commission for relief in Belgium, has asked the American Red Cross to collect an additional 5000 tons of good used clothing for the 10,000,000 people imprisoned in territory occupied by the Germans.

The Red Cross, of course, has accepted this splendid opportunity to assist the commission for relief in Belgium in clothing these stricken people, at least, sufficiently to keep them from suffering and disease.

The quota for Nye county branch is one and one-half tons minimum. Articles to be collected—Men's wear: Shirts (preferably of light colored flannels), undershirts, underwear, trousers, coats, work suits (overalls); suits (3-piece), shoes, overcoats, jerseys, sweater-vests, socks (sizes 10 1/2 to 11).

Women's wear: Skirts, drawers, corset slips, petticoats, blouses, shirts, overcoats, suits (2-piece), pinaflores, shoes cloth hats, knitted caps, stockings (sizes 7 and 8).

Boys' wear: Shirts, union suits, undershirts, trousers, coats, suits, shoes, overcoats, jerseys, socks (sizes 1 to 9).

Articles not to be collected: Garments of flimsy material or gaudy

coloring, ball dresses, high heeled slippers, etc. Stiff hats, either men's or women's straw, dress or derby. Anything containing rubber, raincoats, rubber boots, etc. (Rubber heels can easily be removed from shoes). Books, toys, soap, toilet articles. Notes or communications of any sort or description must positively not be sent.

The campaign for collecting this clothing will begin on Monday, September 23, and continue for one week. The headquarters for Nye county will be in the old Nevada Abstract company's office on Main street, which has been kindly donated for the purpose by J. Wesley Stewart. The room will be open from 1 to 5 p. m. every afternoon and people who can do so may leave their donations there. People having articles they cannot bring down town themselves may notify either Mrs. Davenport, chairman of the campaign, or the Red Cross headquarters, and they will be gladly called for. Several cars have already been donated for that purpose. Read over the list of wanted things, or better yet keep it for reference, in order to avoid transportation on articles that cannot be sent overseas to these suffering people.

BABY OF BRITISH ARMY FROM TONOPAH

(Continued from Page One)

Following are extracts from the boy's first letter.

The boy is a member of Company A, 3rd South Wales Borders, at Sluggery camp near Liverpool, England. In Tonopah he manifested an insatiable craving for books and at 12 years of age was chosen to write an essay on some subject in physiology. He promised to grow into a student instead of a soldier, but his letter reflects his sentiments.

"When you tell me you are glad I am fighting for England you make me feel better, but I would a thousand times sooner be fighting for Uncle Sam. I will be stationed here in the training camp for seven weeks before going to Russia, Sandomia or France.

"Well I tried every branch of the U. S. service, but on account of not looking 18 years old they all turned me down. Then I fully determined to enlist in the quickest way to get to France. So I enlisted in this man's army. They put me in a regiment that has earned more V. C.'s and military honors than any regiment in England today.

"I go to the American Y. M. C. A. but all the time so that I can talk to some one who misses the good old U. S. A. as much as I do and I have made many friends here among them. I must say that I don't like England like I thought I would. Everything is so dull here on account of the war. We only get 35 cents a day here and we have a hard time to get cigarettes, matches, candy or anything that helps us to have a good time. Sugar is a millionaire's luxury here. I have learned to eat soup, soup, dry bread, coffee and tea without milk or sugar as well as go without food since enlisting in the army. We drill from 5:30 o'clock in the morning until 4:30 o'clock in the afternoon every day except Saturday and Sunday. Before going to the front I will have ten days' leave because I enlisted in the U. S.

"You said you were going to see about getting half my pay. But, mother dear, it would be so small that it would do you no good. I only get \$2.40 per week and out of that I have to pay for my food. I don't want to buy so that the balance does not keep me in cigarettes for a week. If you let the military people know that I was turning \$5 and more a week to you because you and the four kids are dependent on me I will see about getting you a pound per week, although it may be some time before you get it. But if you don't you can remember that after six months after peace is declared I will be coming home to you a strapping husky big enough to earn a living for us two. I will be free unless you are notified that your eldest son will be indefinitely stationed some where in some place 'pushing daisies up.' But I am almost sure I am coming home. There are lots of my chums here that will never be any good any more on account of their part in the discussion with 'Jerry.' 'I have been issued with a new rifle and shining sharp bayonet today and I have been using it to my best advantage because it will be my best chum 'over there' 'over there.' When I stick my bayonet to the hilt into a dummy I say to myself, 'There's one more Jerry that can argue with the devil instead of me.' We learn how and where to stab fellows so they will die right away or be no further use to themselves or anyone else. We learn strokes with a bayonet that will cut a bloke's head off or arm off with a slight slash and we are also taught how to parry cuts and thrusts that would serve us in the same way. We

are also taught how to put on a gas mask in four seconds and how to save ourselves by head work and quickness from the terrible gas attacks that are killing thousands of Tommies and Yanks all the time. We are taught to march, shoot, and withstand all hardships in fourteen weeks. I must say it is the shortest fourteen weeks fellows ever spent in their life time.

"If you are back in Tonopah when you receive this letter, tell Tim Ford (his Chinese school chum who enlisted two weeks ago in the American army) to try to send me some 'Camel' cigarettes or any kind, and put 'Soldier's mail' on it and it will come without duty. If he does that tell him that I will be his best friend for life. We sometimes have to go without a smoke for a week at a time.

"Well, mother dear, I might get your letter in France on a battle field some place next time or I may never see one, but write a long letter next time and I will send you a picture in uniform dressed for battle as soon as I can get enough money as they cost 10-6 a dozen here.

"I carry your picture in the left inside pocket of my tunic all the time and you may believe me when I say I never missed you and the kids more than the days when all my chums in Canada were receiving letters from home and I could not receive any."

MORE MINING MEN APPLY TO SCHOOL OF MINES

Professor Bennett has received a gratifying response to his invitation to all men employed in the chief industry of Tonopah to take advantage of the opportunity to enlarge their acquaintance with the technical details of the business. Twenty-one students are entered, representing a gain of six in two days, and he hopes to hear from others who would be benefited by a knowledge of mechanical drawing, assaying and other features that may be acquired in the school. This afternoon a general invitation was posted at the mines, hotels and public resorts inviting attention.

FLORENCE AVE. RESIDENTS WANT TO SEE SPRINKLER

Property owners and residents of Florence avenue say they are suffering from the worst season of dust that has ever been experienced in that quarter of the city and that they seldom ever see a sprinkling wagon on that street. Yesterday the wagon was sent out for the first time and succeeded in wetting the surface of the dust which lies in places to a depth of a foot or more. The traffic on Florence avenue is heavier than anywhere else except on Main street and the people think the town board should consider that fact when ordering the water wagon to make its rounds.

QUESTIONNAIRES SENT DRAFTEES

The draft exemption board is now engaged in sending out questionnaires to registrants between the ages of 19 and 34 who are expected to fill out and return without loss of time. The first list issued yesterday contained the names of 53 registrants as follows:

- Walker, William G.
- Ismer, Carl John
- Marteletti, Tony
- Smith, Raymond F.
- Hanson, Chester W.
- Bovio, Barney
- Collan, Alex
- Chifford, John Francis
- Martin, Richard
- Baker, Jack
- Potts, George Arthur
- Kest, Nick
- Sheerin, J. R.
- Holmes, Robert
- McLoughlin, Edward James
- Divanovich (Devine), V. R.
- Sassoe, John
- Fuetsch, Joseph Martin
- O'Connell, Tom Dan
- Bowman, John Theodore
- Hanson, Carl C.
- Saggett, Silvio
- Andrews, John
- Allen, Charles
- Kelsey, Little
- Jusula, Henry
- Partanen, Peter
- Yob, Joseph
- Barry, Bernard
- Bullach, Andrew Simo
- Palo, Volt
- Green, Thasus Webster
- Pap, Daniel
- Johnson, Albert
- Konnenovich, George Mitar
- Price, Harry Clifford
- Gibbreth, John Paul
- Ranigevich, Kosto Mitar
- Ralevich, George Sam
- Krnelich, Peter Nina
- Covenet, Clay
- Ekovich, Tripo
- Kauppi, Peter
- Blair Ernest William
- Raskovich, Migud Beghich
- Rachovich, Archie Sam
- Laansburg, John Alexander
- Van Densen, Albert Macy
- Hanson, Gustaf
- Racevich, Mike Larza
- Milosovich, Savo Milovonor

REGISTRANTS WARNED NOT TO FILL QUESTIONNAIRES

Judge Mark R. Averill, chief legal adviser for the exemption board, wishes to caution registrants from attempting to fill out questionnaires as a number of the questions have been changed and only members of the legal advisory board know what the changes are. These legal advisers will do the work without compensation.

CARSON CITY WILL ENTERTAIN VISITORS

(Special to the Bonanza)

CARSON CITY, Nev., Sept. 19.—The committee having in charge the entertainment of the visiting Democratic and Republican state and legislative candidates who will be here next Tuesday and Wednesday is making elaborate arrangements for their reception, chief of which will be an auto trip to Lake Tahoe via the famed Kings canyon. At one of the resorts near the state line a luncheon is planned after which the party will return to Carson in time to catch the evening train. It is expected that the wives of many of the candidates will accompany their husbands on the trip and ample provision has been made for them.

CALIFORNIA WANTS SCHOOL CHANGES

(By Associated Press)
SACRAMENTO, Sept. 19.—A report recommending complete reorganization of the state school system, making the office of state superintendent elective instead of appointive, and recommending adoption of a law making continuation of education obligatory for persons between 14 and 18 has been submitted by the state board of education.

ABSOLUTE SURRENDER DEMAND OF MOTHERS

(By Associated Press)
EVANSVILLE, Ind., Sept. 19.—The first national convention of the War Mothers of America demanded "unconditional surrender" by Germany in a resolution sent to President Wilson, General Pershing and the American expeditionary forces.

I loan you a watch to carry while repair your own. I am the finest watchmaker who ever came to Tonopah. Emilio Merman at Robert's Grocery store. adv1211

RADIO STUDENTS MAY BE INDUCTED

Manager Musbett of the radio telegraph class hopes to start a new class from the 800 local registrants who may prefer to enter the vocational service which offers better opportunities than other branches of the service. Last evening Alex Robillard, a young student from Manhattan who is clerking in a local store, completed his course and at once mailed his application for enlistment. According to Leslie E. Bligham, state director of vocational education, a recent ruling of the adjutant general and the provost marshal general now permits individual induction into the signal corps from any state. Since this condition may not exist indefinitely, it is suggested that all persons subject to the draft make application for induction as soon as possible.

CANNING SUGAR NOT RESTRICTED

The saving of all perishables that can possibly be utilized as human food is encouraged, according to a statement received today from the federal food administration for Nevada. To that end, every one in Nevada is encouraged to buy sugar in 25-lb. lots for strictly canning and preserving purposes, but is enjoined to use such sugar carefully, and to use minimum sugar for maximum fruit, in view of the serious ship and foodstuff shortage.

With the single exception of sugar, which probably will remain rigidly controlled until the end of the war, the food conservation features during the next year will be general, the statement goes on to say, and all loyal citizens will be asked to economize everywhere.

Mr. Hoover has promised an increase of 5,000,000 tons over the shipments of food made last year to the allies. This means that every Nevadan, from Searchlight to Denio, must save and send his share.

WILSON'S FOURTEEN POINTS ENDORSED

(By Associated Press)
LONDON, Sept. 19.—The international relations committee of the allied labor conference has recommended the conference to "subscribe to the fourteen points formulated by President Wilson, thus adopting a policy of clearness and moderation as opposed to a policy dictated by changes on the war map."

PUTTING MORE SPEED INTO STEEL SHIPPING

(By Associated Press)
SEATTLE, Sept. 19.—Fourteen United States shipping board contracts which the Ames Shipbuilding & Drydock company is soon to start work upon will be 8000-ton steel steamships of a specially designed Ames type having a greater speed than those formerly built at this plant. A sharp prow, narrower stern and depth of 31.7 feet are features of the craft whose length of 426 feet will be three feet more than the previous type. The vessels will be equipped with 3000-h. p. reciprocating engines.

PAUL WEISSE

PERSONAL

CHARLES FAGENBUSH and wife were passengers from Goldfield en route to San Francisco this morning.

B. J. BYRNE, the Montana leaser, is back home after an auto tour in which he took in Lakeview, Ore., and returned by way of Inyo county, Cal.

SAM NEWHOUSE, president of the Louisiana Con. Mining company, was a passenger this morning for his home in Salt Lake.

A. J. TWILLIGER, Democratic candidate for the assembly, was a passenger this morning from Goldfield for Carson City.

MRS. FRANK EVANS and daughter who have been visiting Mrs. Harry Taylor for the past two weeks, left this morning for Lovelock.

DENIS N. NOLAN, past grand deputy Tonopah council, Knights of Columbus, left this morning for Reno where he will represent the national council at the state meeting of the committee on war welfare activities.

G. A. LANDSEBURG, accompanied by his brother, J. Landsburg, were passengers this morning for Nevada City and Hazen. The latter will sample a carload of high-grade ore at the Hazen sampler on account of their lease on the Montana Tonopah mine.

NEVADA MARKSMEN MAKING RECORDS

The Nevada boys who went east to take target practice and instructions in the use of the new American guns, are making some excellent scores at the ranges. The rifle practice of today is different from that of old, as most of it is rapid fire practice, which means that a man shooting a score of ten shots does so in the least possible time.

During practice on the 10th inst. at the 300 yard target Dan McLeod, of Yerrington, made 48 out of a possible 50.

In the 200-yard shooting the following scores were credited to the Nevada boys: Percival Nash of Manhattan, 49; W. H. Pitt, of Lincoln county, 48; Dan McLeod, 47; H. Gridley, of Reno, 46, and H. P. Jackson, of Ely, 46. This was a ten-shot score with a high wind blowing and under fire regulations.

PIONEERS OF THE CAMP LEAVING FOR ARIZONA

Mrs. Lou Herring and little son left this morning via Goldfield to join Mr. Herring in Douglas, Ariz., where he is employed by the C. & A. Smelting company. This will take away one of the earliest ladies arriving in Tonopah when the camp was in its swaddling clothes and there was slim accommodation to tempt the gentler sex to the desert. Mrs. Herring has completed fifteen years in Tonopah during which time her husband was in the service of the Tonopah Extension and the Tonopah Mining company with the remarkable record of twelve years with the latter company.

STORM DOES DAMAGE

Many thousands of dollars' worth of damage was done to property and roads in Lincoln county by the recent storms. Crops were washed out and buildings torn down by the violence of the water, in addition to about two miles of railroad track on the Callente and Pioche railroad. The new county road, which has just been built, was practically ruined in places, and it is reported that several automobile tourists caught out in the storm had their cars washed away.

FOR SALE

A Real Home—Six rooms completely furnished.

SEE A. H. KEENAN

PEACEMAKER FOR CHIEF OF POLICE

Jack Grant, chief of police and constable for the township of Tonopah, is a candidate for re-election. He stands on his record and is willing to win or lose on that platform. He is known to the citizens of Tonopah and Goldfield as a model police officer who never plays favorites and is always ready to do his duty regardless of who may suffer. During his experience of twelve years on the desert Jack Grant has won the name of the peacemaker on account of his desire to promote peace rather than see his neighbors fall out. In this connection, he might be styled the glad hand chief, for he has brought about more reconciliations outside the courts than any man in the entire state who has ever posed as a policeman. In fact that is his hobby.

Jack Grant is unerring judge of men, seems to sense without effort the presence of those criminally inclined. His prompt action and swift dealing has saved the county thousands of dollars. His efforts in dealing with the criminal class, in riding the town of suspicious and unworthy characters almost on their arrival is the highest functions of an executive officer. Crime has been lessened and prevented by the vigilant exercise of the chief's slogan, "Always on the job." More than 3000 police calls in a period of fourteen months have been received, adjusted and made a matter of record. Forty-six cases of stolen property with an 80 per cent recovery have had the attention of the police department during Mr. Grant's regime. The police work takes no account of the civil operations arising by virtue of the office of constable.
